Insurance contract is a legal contract too and it's based on TRUST and We TRUST You.

We understand you may not know how relevant is the information on your health and it's impact on your policy. Hence it's very important that you disclose all health information and we would decide how relevant it is (we call it 'material fact'). We would cancel your policy, will not pay any claim, will not refund any premium paid and have right to take all possible legal action against you including for recovery of benefits paid earlier, if correct and complete information is not provided about all members proposed to be insured.

Regulations mandate that the coverage can start only after we have received the full premium and have explicitly accepted the risk.
